● Increase understanding of biochemistry with respect to environmental contaminants

Course Goals:

...to understand the structure and dynamics of complex systems in the environment

The teaching methods employed in this course will consist of lectures and "chalk talk" by the instructor. The laboratory

Grading:

Exams: There will be four term exams (50 points each) one for each exam

Four examinations that will focus on the three main areas:

Orals

Examinations (10, 30 minutes each = 30 points to present + 5 minutes for questions) will count as 100 or 200.

The oral present
