The Curriculum Review Committee of the Faculty of Arts and the Office of the Registrar

University of Regina

Dear Members of the Faculty of Arts and the Office of the Registrar:

I am pleased to inform you that the Curriculum Review Committee has completed its review of the Bachelor of Arts program in History. The committee has recommended that the program be revised to include a new elective course, History 100, and to update the existing courses in the program.

The revised program is attached to this letter for your review.

I am sure that you will find the revised program to be a valuable addition to the Faculty of Arts.

Very truly yours,
Chairman of the Curriculum Review Committee
