Workforce Development

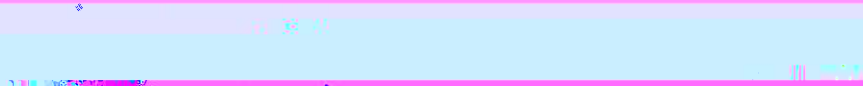

The Workforce Development Center (WDC) is a national center for research, information, and technical assistance on workforce development. The WDC is a part of the National Workforce Development Center (NWDC), which is a part of the National Center for Education Statistics (NCEES). The WDC is a part of the National Center for Postsecondary Education (NCPE).

The National Center for Education Statistics (NCEES) is a part of the Department of Education. It is the primary source of information on the education system in the United States. NCEES is responsible for the collection, analysis, and dissemination of data on education.

The National Center for Postsecondary Education (NCPE) is a part of the National Center for Education Statistics (NCEES). It is responsible for the collection, analysis, and dissemination of data on postsecondary education.

The National Center for Postsecondary Education (NCPE) is a part of the National Center for Education Statistics (NCEES). It is responsible for the collection, analysis, and dissemination of data on postsecondary education.
